

RTSA NSW CHAPTER ANNUAL DINNER

NETWORKING, ENTERTAINMENT & GOOD FOOD

The New South Wales Chapter of the RTSA cordially invites you and your partner to attend our 2010 Annual Dinner – An Evening of Networking, Entertainment and Good Food!

'Our Culture - We are all part of the solution' Rob Mason, CEO RailCorp

We are pleased to be able to confirm that our keynote speaker for the evening will be RailCorp's Chief Executive Officer Rob Mason.

After an earlier career in offshore oil exploration Rob has nearly 25 years experience in both operations and engineering leadership in both London Underground and RailCorp.

Since arriving in Australia, Rob has successfully implemented 2 CityRail timetables, raising on time running from 60% to over 92% at a time of unprecedented patronage growth, improved customer service satisfaction and most recently oversaw the opening of the new Epping to Chatswood Rail Link.

The next challenges are the full integration of the Cronulla duplication in October 2010 and then the entry into passenger service of the Waratah fleet.

With rapidly expanding opportunities in the NSW rail industry, and some exciting new rail projects about to proceed, the dinner will provide a great opportunity for past and present industry participants to join together for some networking and relationship building.

Fill out the registration details overleaf to register for this great event.
All major Credit Cards and Cheque payments are accepted.

The NSW Chapter Committee looks forward to welcoming you on the evening.
